Captain's Log

Greetings from the Bridge.

This is our first newsletter for 2021.

There was a good attendance at the Club AGM on 27th December at Peter and Jenny Archer's place. Our thanks to Peter and Jenny for their fine hospitality with a very enjoyable social 'hour' following the meeting. The standing committee were all re-elected for the coming year and the contact details for committee members are noted in this newsletter.

Our Annual Picnic Day was held on 2nd of January and was very successful despite the early threatening weather and the odd shower of rain later on. The Tug o' War was not run later in the afternoon due to slippery conditions but most of the other events were able to continue and were keenly contested. We have had good feedback from many of those that came along. Pete Boyd's cookhouse team's burgers were a real hit.

My thanks go to the committee and everyone who helped make the day a success. The results and trophy winners are published in this newsletter.

The MAF biosecurity team made their annual visit in January, with divers checking all moorings and vessels in our bays for any unwanted organisms such as the Mediterranean Fan-worm. I assume we were all clear as there has been no feedback from them to the contrary. The Fisheries Inspectors have also been very visible this summer at both Penzance and Duncan Bay.

There have been reports of some jet skiers and water skiers taking off in Penzance Bay. This bay is strictly a 5 knot area for all users due to the number of moorings, boat movements, and its proximity to the shoreline. We ask that club members and bach owners please ensure that visitors are made aware of this for their own and other users safety.

The turning area upgrade in the boat trailer park at the Duncan Bay slipway is scheduled to be undertaken by Fulton Hogan in early March so hopefully this will be completed by the time this newsletter goes to print.

Upcoming events: The Annual Club Fishing Contest is scheduled for Easter Saturday with weigh in to commence at the Duncan Bay Reserve at 4pm. Categories and rules are published in this newsletter. Last year's contest had to be cancelled due to the COVID lockdown but fingers crossed, hopefully this year we will be able to proceed with the event. If any changes are required we will email members with an update.

Safe Boating,
Roger Smith,
Commodore.

News from the Helm

A summary of matters arising from the TIBC Committee meeting held on the 20th February 2021.

Financial Report: Dave Wade tabled the Financial Statement for the year to date ended 31st January 2021. Year to date Income is \$14,004 which is down slightly (\$196) on the same period last year. Picnic Day income was good with the BBQ and Raffles up, but the shop was down mainly due to less baking being donated. Membership income was down \$490 on last year, however the donation box income was up \$254 on the same period last year.

Total YTD Gross profit is \$11,747 compared with \$11,929 last year.

Total YTD expenses are \$3,066 which is \$1,880 higher compared to last year (\$1,185). There are timing differences here as the honorariums have been paid earlier than last year.

The cash position is strong at the end of January with a total of \$126,414 in cash across the various club accounts compared to \$114,052 at the same time last year. We have \$106,224 on term deposit with SBS bank earning modest interest.

The YTD surplus is \$8,682 compared with \$10,743 the same period last year. This is mostly due to timing differences in the payment of expenses and will even out as the year progresses.

Total assets at the end of October 2020 are \$122,571 compared with \$109,945 (+11.5%) at the end of last year.

Liabilities at the end of January 2021 are \$2,516.

Net assets of the club at the end of January 2021 are \$131,175 v's \$120,960 (+8%) at the end of January 2020.

Membership:

130 General/Paid up memberships

45 Membership accounts owing (including x1 commercial)

5 Honorary Life Memberships

1 Financial Life Membership

181 TOTAL MEMBERS (if 45 accounts owing are collected).

Health & Safety: Reports tabled on Penzance and Duncan Bay slipway and wharf facilities:

- Replacement pile on Duncan Bay catwalk is underway with a contractor being approved to undertake this work.

- No other major issues noted but working bees to be organised during the year to continue maintenance.

General Business:

Newsletter: Discussion on content and format. Chris Siale wants all material by 9th March 2021.

Duncan Bay Turning Bay progress: Fulton Hogan are to carry out the work in early March when it fits into their work programme.

Swimming Sponsorship: Received an update on the progress of this year's three recipients.

Fishing Contest: Members' tasks allocated and sponsorship/prizes to be organised.

Picnic Day: A brief review of this year's Picnic Day results and discussion on improving baking donations for next year with a more targeted approach with members.

Memberships: Discussion on membership status for households that are owned by multiple families. Club Constitution to be reviewed and recommendations made back to the committee.

Next meeting date to be advised.

Jetties and Wharves

Our club facilities in Duncan Bay and Penzance Bay are monitored and reported on at each committee meeting during the year to ensure that any safety or maintenance issues that may arise are dealt with in a timely manner.

This year we have 2 major projects at Duncan Bay about to commence with the Turning Area upgrade being carried out by Fulton Hogan, and replacement of the rotten pile on the outer end of the catwalk. We also want to pour additional concrete on the slipway sides to prevent further erosion on both slipways.

Our work programme for the year is listed below with a Working Bee to be scheduled in each bay to complete the other tasks.

Facilities Maintenance Plan for 2021

- Upgrade turning area at the Duncan Bay Boat Trailer park
- Replace rotten pile at the end of Duncan Bay slipway catwalk
- Waterblasting etc wharf and ramp
- Painting wharf railings and kerbs
- Clean mussel growth – ongoing
- Replace another section of wharf decking at Duncan Bay
- Pour concrete to sides of Duncan Bay and Penzance ramps – when the tides permit
- Service swimming platforms at Penzance and Duncan Bay

Trailer & Car Parking Tennyson Inlet

There has been a notable increase in car and trailer parking in both Penzance and especially Duncan Bay. We welcome visitors and want for everyone to be able to enjoy our beautiful area. The parking areas adjacent our wharves & launching ramps are on Sounds Foreshore Reserve (Department of Conservation) and/or land operated by Marlborough Roads (Marlborough District Council). The parking spaces have been designed in consultation with them. The club cannot enforce who parks where and why (trailer or car). We do ask members and visitors to the area to be considerate and patient. Please park in the designated areas or, if no space is available, park back at your local base after dropping off passengers / launching your boat.

Membership Report

Membership Report

Thank you to many members for prompt payment of accounts. And also to those that provided email addresses to make it easier for us to communicate with everyone. It seems that sometimes last minute communications due to COVID-19 and issues impacting our local area, are increasingly important. And email is very useful for this purpose. Our Facebook page <https://www.facebook.com/tennysoninletboatclub> is also available for latest news.

A very warm welcome to new members:

- Heather Mitchell & Willie Knight
- Gibson Hall
- Gavin & Amanda Peter

Others have joined since our last committee meeting, so more welcomes are pending.

Thank you all so much for your support.

You are **INVITED**

How to keep your hull clean

Nelson Marina Hardstand
1.00pm to 4.00pm
Saturday 17 April 2021

Free training for all boaties and professionals. Learn from the experts how to get the best value from your anti-fouling, and go in the draw to win some free anti-foul paint.

Carboline New Zealand, a leading manufacturer of marine paints, is teaming up with the TOS Marine Biosecurity Partnership and Nelmac to bring you this opportunity to understand the hows, whys, dos, and don'ts of antifouling.

Good hull maintenance ensures you use less fuel, get to your destination faster, and do not spread marine pests. New rules in Marlborough ban highly fouled vessels from moving in and out of the region, while existing rules in Tasman and Nelson require control of Mediterranean fanworm (*Sabella spallanzanii*). This training will help you understand best practice to get good performance from your antifouling, how to prepare surfaces and apply paint. We will also cover what you need to know about the new rules and how to recognise pests.

Any queries ring or email Peter Lawless, Top of the South Marine Biosecurity coordinator at 021 894 363 or tosmarinebio@gmail.com

Note: This is a drop-in session. Arrive any time from 1.00pm to 3.30pm and we will include you.

Annual Fishing Competition

Survey takers wanted!

TIBC are looking for 2-4 people who are interested in helping carry out surveys at the launching facilities over Easter.

Why?

Recent discussion of who is using the facilities and who are members or not has highlighted that we have no accurate data of who are the users of our facilities. While we can't stop anyone accessing these – it would be useful to understand who our main users are, whether they are members or the general public. It will also give us a chance to educate and spread awareness of how the facilities are owned and maintained.

What's involved?

We need people to be at the ramps for a period of up to 6 hours to survey users. We will have brochures available and information to handout. This might suit a university student? This is a paid request.

If you are interested, please contact Libby Archer, 021450205 or email Tennyson.secretary@gmail.com

Roy Archer – Heaviest Fish of the Year Competition

Entries for this are open all year round and the winner is announced at the Annual Fishing Competition at Easter each year. So get your entries in by sending a photo of the fish you caught to:

Tennyson.secretary@gmail.com with a weight and the name of a witness to your big catch!

Entries must be received by 5pm Thursday, 1st April 2021 to be eligible for the 2021 Fishing Competition.

WANTED

Mooring in Penzance Bay for a vessel up to 10m.

Please contact John Fanselow

Email to jfanelow75@gmail.com

AVAILABLE FOR LEASE

Mooring available for lease in Duncan Bay

Very handy to the boat ramp

Vessel length up to 16.0 metres (4 ton block)

Prefer long term arrangement

Please contact Greg 0274922955

Swimming Scholarships 2021

Congratulations! The recipients of this year's Swimming Sponsorships are :

Hollie Parkinson, 5 years old from Tauranga, is the daughter of members Ingrid & Nigel Parkinson and granddaughter of members Sue & the late Morris Black.

Harrison Fenton, 8 years from Duncan Bay, is the son of committee member Jesse Fenton and his partner Kylie Damon.

Bella Wilson, 12 years from Timaru is the daughter of Ange Nicol and granddaughter of member, Jane Nicol.

Their names were drawn from eligible applications at the close of Picnic Day during prizegiving.

Each successful applicant receives 1 term of swimming lessons paid for by the TIBC.

We will keep you updated of their progress as they attend their lessons throughout 2021.

Below is a December update from Ben Nichol, a 2020 Swimming Scholarship recipient.

We have been trying to get a photo of Ben swimming in Penzance but it has been a bit cold according to him. I think it was the stingrays that kept him dry. Here is a short report on Ben's swimming lessons this past term.

After 3 terms of interruptions due to COVID-19 restrictions, Ben was able to complete a full term of lessons finishing mid-December.

He was put into the advance level one group of our local swim school. It was big step up in distance and speed for Ben, however, he hung in there and grew in confidence, technique, and fitness. Breaststroke and backstroke are Ben's favourite strokes. He is looking forward to a summer of swimming in Penzance and Waiheke Island with his sisters and cousins. No doubt there will be the odd stingray and jellyfish joining in too!

The opportunity TIBC gave Ben to develop his swimming skills has been greatly appreciated and we would like to thank the community for their generosity and kindness.

Picture below is of Holly fishing in Tennyson Inlet over the recent Christmas period.

Harrison enjoying his swimming lessons and doing really well!

BLUE SAFARI CHARTERS

Sounds Cruises

2nd April 20 21

Cruise to **Nydia Bay** and walk the track to Duncan Bay. Depart Penzance 9.am Duncan's Bay 9.30 am

The **Tennyson Inlet Boat Club** was formed in 1958 and now boasts nearly 200 members plus their families. The Club owns and maintains launching ramps, swimming platforms and jetties in Duncan Bay and Penzance Bay.

To learn more about the club and what we do visit www.tibc.org.nz

For any queries regarding the club - please contact the Secretary, Libby Archer 03 5716337 or 021450205

Email tennyson.secretary@gmail.com

Club membership is spread from Auckland to Southland (with a few international members). We have a good friendship base and Club members are only too willing to offer help and share their knowledge.

Benefits of being a TIBC Member

- ◆ Join in yearly events and social occasions - Annual Picnic day, fishing competition, and more.
- ◆ Be involved in protecting our Sounds habitat for recreational boating.
- ◆ Get collective representation on marine issues such as fishing regulations.
- ◆ Receive the club quarterly newsletter.
- ◆ Membership discounts, advice for safe enjoyable boating, and more.
- ◆ Inclusive use of club-owned wharf and launching facilities for only \$60.00 per year.

Membership Fees

- ◆ Club Membership year is the period from 1 November through to 31 October following year.
- ◆ General club membership covers a family of 2 adults and all family under 18 years of age.
- ◆ Please note the membership fee is set each year at the AGM.
- ◆ Commercial membership is also available, please contact us directly.

Sounds History

Ann and Alan Lipscombe

Ann and Alan bought their section in the 1960s and moved in next to the Arres. There was lots of happy memories as both families built their baches. To start they lived in a wee shed with two set of bunks and a cooker and spent about a year digging out bullrushes from the section, and then began building. Ann and Alan became friends with a lot of people over the ensuing years and became involved with the Penzance Picnic Day, Alan running the Chocolate Wheel and Ann helping to run the shop.

Every New Year's Eve people came to the Lippie's place for a party with Alan playing the piano and accordion and lots of dancing and the canoe race down the middle of the lounge.

They went on lots of trips in the *Shangri-La* owned by Roy and Betty Archer.

They ended up living there permanently for years and health problems forced a move to Nelson. Alan passed away in 2010 and Ann in 2020.

C F Bob Bryan

A long standing member of the Tennyson Inlet Boat Club since 1977 is Bob Bryan, who turned 100 on 5th January this year. Bob and his family purchased their bach in Elaine Bay in 1977, along with the 19ft boat *Paisano*. His 100th birthday was celebrated at the family bach. Bob was a WWII airforce pilot before working for the NZ NAC. A memorable moment in his career was in approx. 1965 when he was responsible for meeting Her Majesty The Queen off a NAC aeroplane when she flew into Hokitika. Bob's family still enjoy spending time at their bach in Elaine Bay, although these days Bob spends most of his time surveying the Nelson Yacht Club boats from the perfect vantage point of his Nelson apartment.

SET NET CLOSURE GOLDEN AND TASMAN BAY

Closures and Restrictions

Restricted areas

Restricted areas are areas where the use of particular fishing methods (e.g. set nets) is restricted or where catch limits may be different. Some restricted areas are listed below. However, these are only a guide. Check for local restrictions and recent closures by contacting your nearest MPI Fisheries Compliance Office.

Scallop closed until further notice.

Blue Cod Restricted Areas

Map 1: Challenger East Area (includes Marlborough Sounds Area):

Daily Limit: 2 per fisher.

Size Limit: 33cm minimum.

Closed Season (Marlborough Sounds Area only)

1 September – 19 December inclusive every year.

You can possess up to 4 blue cod in the Challenger East Area if you can prove that no more than 2 blue cod were taken on any one day from the Challenger East Area.

Challenger East only

During the Closed Marlborough Sounds season, you may transport blue cod from other areas into the Marlborough Sounds as long as you can prove where the fish were taken from.

When fishing in the Marlborough Sounds Area, use no more than 2 hooks per fishing line when fishing for any finfish species (Excluding Longlines).

Map 1: Challenger East and MSA

New netting restrictions

From 1 October 2020, new fishing measures are in place to support the threat management plan for Hector's and Māui dolphins. The use of recreational and commercial set nets is prohibited in a number of areas across the country, and the trawl prohibition within the central Māui dolphin habitat zone has been extended. Drift netting is prohibited in all New Zealand waters.

Make sure you are up to date. To learn more about the changes see the "closures and restrictions" section below, or download the rules brochure.

New blue cod rules

From 1 July 2020, the minimum catch size of blue cod is standardised to 33cm across most areas. A "traffic light system" is used to indicate the daily bag limit for different areas.

Download the NZ Fishing Rules app

[NZ Fishing Rules app - Apple Store](#)

[NZ Fishing Rules app - Google Play](#)

[Find out more about the NZ Fishing Rules app](#)

Finfish bag and size limits

A summary of the finfish daily bag and size limits.

In the Challenger area there is a combined maximum daily bag limit of 20 of any combination of species listed in Table 1. Individual species limit must not be exceeded.

In addition to the combined maximum daily bag limit, you can take individual species as listed in Table 2. There is no limit for species not listed on Table 1 or Table 2.

Remember there may be bag and size limit restrictions for finfish within some areas. Check the closures and restrictions section for more information.

Table 1 - combined bag

Finfish Species	Min length (cm)	Max daily limit (per fisher)	Min mesh size for nets (mm)
Blue Cod – Challenger East (Tasman, Farewell Spit to Clarence River including Marlborough Sounds)	33 (landed whole or gutted only)	2*	100
Blue Cod – Challenger Westland (Haast River to Heaphy River)	33	15	Set netting prohibited
Blue Cod – Challenger Kahurangi (Heaphy River to Farewell Spit Lighthouse)	33	10	100 [†]
Blue Cod – South West (Sand Hill Point to Haast River)	33	10	100 [†]
Blue Moki	40	20	114
Bluenose	-	5	160
Butterfish/Greenbone	35	20	108
Elephant Fish	-	20	150
Flatfish (ex Sand Flounder)	25	20	100
Grey Mullet	-	20	100
John Dory	-	20	100
Kahawai	-	20	100
Red Cod	25	20	100
Red Gurnard	25	20	100
Red Moki	40	20	114
Rig	-	20	150
School Shark	-	20	150
Sand Flounder	23	20	100
Tarakihi	25	20	100
Trevally	25	20	100

*You can possess up to 4 blue cod in the Challenger East Area (includes the Marlborough Sounds Area) if you can prove that no more than 2 of those blue cod were taken on any one day from the Challenger East Area. This restriction applies if you caught the fish from outside of the Challenger East Area and want to transit into the Challenger East Area.

[†] Net mesh size is 100mm however set netting is prohibited to 2 nautical mile for Kahurangi, Westland, South West.

Table 2 - additional to combined bag

Finfish Species	Min length (cm)	Max daily limit (per fisher)	Min mesh size for nets (mm)
Eels	-	6	12
Garfish (piper), Pilchard, Herrings (Yellow eyed mullet)	-	No limit	25
Groper/Hapuku/Bass	-	Daily bag limit of 5 with max 3 kingfish	160
Kingfish	75		100
Sea Perch	-	No limit	100
Snapper – Challenger	25	10	100
Snapper – Marlborough Sounds area	25	3*	100 (set net bans apply)
Trumpeter	35	No limit	100
All others not otherwise stated	-	No limit	100

*Within the bag limit of 10 snapper is a sub-limit of 3 which can be taken from the Marlborough Sounds Area.

Members in Far Away Places

Meet our furthest away members, still loyal despite COVID-19 and the distance. Our names are Katherine and Mitch Brown, and we love your country!!

We are from a small community in northern Alberta, Canada, called High Level. I jokingly tell people that we live just down the road from Santa Claus. It is the most northerly community in Alberta and it is not uncommon to have snow on the ground from mid-October to the end of April. We bought a farm 24 years ago and had two fulltime jobs to support it, just as so many other farmers around the world have to do. My wife's sister met a fellow Kiwi in High Level and returned back with him to Rai Valley 16 years ago. That was our in to coming over and experiencing all that New Zealand had to offer. We sold our cows 10 years ago and took our first winter vacation. We were amazed at the beauty of the land, the adventures to be had, the friendliness of the people and have been back every year, except for the last, due to COVID-19. While in New Zealand, we love to spend time with our niece and nephews having adventures and being part of their family. Most days are spent on their farm, just hanging out and doing family stuff. We do have our adventure days, hiking, boating, fishing, and exploring the attractions of the South Island. There is so much to see and so little time to do it. I find myself saying that work is getting in the way of having fun, more and more! We are looking forward to the day when we do not have to rush back to Canada until it starts to warm up (retirement). Time will tell when that final day will be, but it is giving us something to shoot for.

If you see us getting an ice block in Rai or loading up the boat after a successful day fishing out on the ocean, say "Hey" and that will get our attention and the talk will be on!

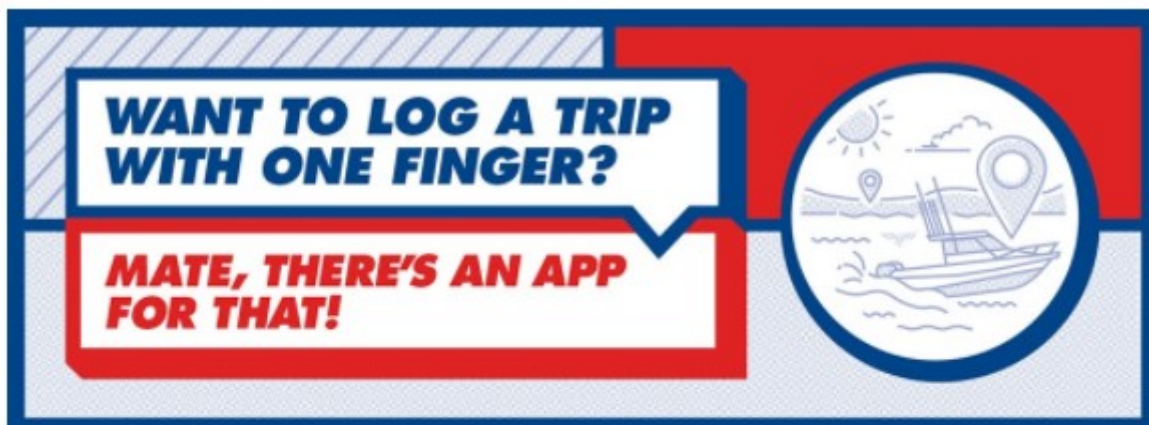

We have so many fond memories of the Sounds, but the most memorable have been with the family and friends that we have enjoyed spending time with in such a beautiful country!

Thanks and we are really hoping that we will be let back in next year!

Katherine & Mitch Brown

Safety at Sea

Safety at Sea

REMINDER!! Water Ski Lane – Ngawhakawhiti Bay, Tennyson Inlet

In Tennyson Inlet it is not safe to water ski from the beaches or boat ramps in any bays except the designated ski lane in Ngawhakawhiti Bay. This is on the Northern side of the bay.

Water ski access lanes allow water skiers to enjoy high speed access to and from the shore. Lanes are marked with orange and black posts on the shore.

Water ski lanes can only be used in daylight and when:

- towing a water skier, wakeboard, biscuit etc
- a lookout other than the skipper is on-board
- it is safe to do so.

Refer to MDC navigation bylaws 3.6 and 3.7 for full details.

Annual Picnic Day Results

Picnic Day winners

*Disclaimer – we do our best to record the names accurately at Picnic Day, however little (& big) winners move fast and sometimes they take off before we’ve confirmed who they are! If any names below are misspelt or we’ve made an error – our apologies, please contact us and we will correct it ASAP.
